Francis M. Majikes
President, Board of Directors
Pennsylvania Interscholastic Athletic Association
550 Gettysburg Road
Mechanicsburg, PA 17055

Dear Mr. Majikes:

We write today to ask that you reverse or modify your decision to not allow spectators at Pennsylvania Interscholastic Athletic Association (PIAA)-sanctioned events during the fall athletic season.

As you know, interscholastic sports provide a unique opportunity for students to socialize, learn the importance of teamwork, and gain worldly experience outside of the classroom. In this regard, we are glad to see the PIAA pave the way for sports to open this fall.

However, without spectators—especially parents—able to watch their children and community members succeed on the field, something of the experience is lost. It should come as no surprise to you that parents in all of our districts are irate and disheartened by your recent policy decision that precludes them from watching their children in-person during the fall athletic period.

The parents of these students have supported their children and, often times, the school sports team in various ways during the student's journey and there is a deep satisfaction from the ability to watch their loved ones compete in something they value.

While we understand that you feel constrained by the Governor's orders in this regard, we wish to remind you that PIAA is an independent agency that has the ability to think outside the box to come up with a commonsense solution that can allow both sports to proceed as normal while, at a minimum, allowing parents of students to watch their loved ones in person.

At a time when folks have had the five-month long experience of social distancing and protecting themselves and others from a contagious virus, it makes no sense that people might be less safe sitting in the football stands or around the high school track at a soccer match, with appropriate modifications, than in the aisles of their local mega retailer.

It has been reported that the PIAA remains open to changing its current no spectator policy at its August 26, 2020 meeting.

We would hope that if no accommodation can be made for the public at large to attend PIAA events, that at least some modification be made for parents of students.

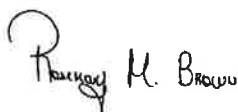

Sincerely,

Kerry Benninghoff
